Notes

¹ Returns in this statement are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax rate may be lower.

² For the purpose of return calculations, the closing unit prices as at 28 February 2014 and 31 March 2014 for the Fund were recalculated to incorporate daily

performance fee accruals arising from the underlying investment in the Forsyth Barr New Zealand Equities Fund that were excluded from published unit prices.

³ Fund fees are fees charged as a percentage of a member's interest in the fund (i.e. as a percentage of their KiwiSaver account balance).

⁴ A change in the fee structure from 1 April 2013 resulted in an increase in the management fee to 1.0% and scheme expenses to 0.2% (these are included in "other fees and costs"). However, total fund fees reduced due to full rebating of the underlying fund management fee (also shown as part of "other fees and costs"). The calculation and sample provided here assumes 100% has been invested in this fund.

⁵ Fees arising from investments in funds managed by managers other than associated entities of Forsyth Barr KiwiSaver Limited are not readily available given that publicly available unit prices are already net of fees. These fees have therefore been estimated by applying the fee percentage charged by the third-party manager at each month-end against the fund's exposure to the relevant fund.

⁶ Membership fees are the fixed dollar charges for membership in the KiwiSaver scheme. From 1 April 2013, individual membership fees increased from \$30 to \$36 per year.

⁷ Kevin Stirrat and Craig Alexander are employees of Forsyth Barr Limited (and not the manager). The manager has delegated part of the day to day management of the scheme to Forsyth Barr Limited.
